Hi there, Credit Union Saver!

Did you know that even if credit unions may work and look like banks they are actually non-profit organizations owned by all of our members? Banks are for-profit organizations owned by a small group of individuals.

Credit unions are focused on helping their members save, borrow, and receive affordable financial services. Compared to banks, **credit unions** usually offer higher savings rates and lower loan rates. We're known for providing personal service and helping members plan for their futures.

Credit unions operate under the philosophy of **"People Helping People."** Many members like knowing their savings are helping their fellow members get mortgages to buy homes, auto loans for new cars, and personal loans for college expenses. Visit mycreditunion.gov to learn more about how your **Credit union** can help you achieve your financial goals.

Fall into Savings

Have your eye on a video game?
How about a new bike? Sometimes
the things you want cost a little bit more
than what you have. Achieve your goals
by earning cash and saving up until
these big ticket items are yours!

Here are a few things to get you started

- 1 Help out at home.** Ask your parents if there are any projects you can help with around the house. Clean your room, tidy up the laundry, be an extra hand in the kitchen, and even clean out the garage or attic!
- 2 Help your neighbors.** Neighborly yardwork is a great way to earn some extra cash. You can cut grass, rake leaves, water gardens.
- 3 Wash Cars.** Consider an up-charge to detail and vacuum, too!
- 4 Be a pet-sitter.** Feed & watch your neighbors' pets, take their dogs for walks around the block.
- 5 Garage Sale.** Sell unwanted items and clothes that you've outgrown or don't wear anymore. Old toys sell fast, too!
