Foreign Transactions: Payments, purchases, and cash advances made in foreign countries and foreign currencies will be charged to your account in U.S. dollars. The conversion rate to dollars will be made in accordance with the operating regulations for international transactions established by Visa, through whose facilities card withdrawals are handled. All transactions processed outside of the United States (which may include internet transactions) will be charged a foreign transaction fee in the amount disclosed on your fee schedule (as amended from time to time).

I have been advised and I fully understand that: I have requested certain transactions be permitted on my Alive Credit Union ® (ACU) account which exceeds the safety parameters and limits ACU utilizes to protect its members' funds. The only way for my request to be granted is for ACU to release these parameters set as safeguards for my protection. At my specific request, Alive Credit Union® is releasing the parameters set on my Visa Debit/ATM Card. The expiration date of my request may be extended by up to five (5) additional calendar days to ensure that the international payment(s) are successfully processed from my account.

I am advised and I hereby acknowledge that: I will indemnify and hold ACU harmless from any loss incurred as a result of removing these safety parameters from my account and agree to not hold the Credit Union responsible for any loss of my funds during the suspension of these safety parameters. Payment dispute rights on my international transactions are determined by the current network rules upon the submission and review of the Cardholder Disputed Item Statement form.
