

DISCLOSURE STATEMENT AMENDMENT

AMENDMENT TO YOUR TRADITIONAL IRA

This individual retirement arrangement (IRA) disclosure statement amendment updates your IRA documents that we previously provided to you. The information provided below amends your disclosure statement for recent changes resulting from the final regulations on qualifying longevity annuity contracts, which may affect required minimum distribution calculations. This amendment also includes information on the new IRA-to-IRA rollover limitation, effective in 2015.

Unless directed by us to do so, you do not need to sign or return anything to us for this amendment to apply to your IRA. Your beneficiary designation we have on file will remain in effect unless you change it by completing and signing the form that we have for this purpose.

We recommend that you review this information carefully and keep it with your other IRA papers.

REQUIREMENTS OF AN IRA

- K. New RMD Calculation Adjustment for IRAs With Qualifying Longevity Annuity Contracts** – A qualifying longevity annuity contract (QLAC) is a deferred annuity contract that, among other requirements, must guarantee lifetime income starting no later than age 85. The total premiums paid to QLACs in your IRAs must not exceed 25 percent (up to \$125,000) of the combined value of your IRAs (excluding Roth IRAs). The \$125,000 limit is subject to cost-of-living adjustments each year.

When calculating your RMD, you may reduce the prior year end account value by the value of QLACs that your IRA holds as investments.

For more information on QLACs, you may wish to refer to the IRS website at www.irs.gov.

INCOME TAX CONSEQUENCES OF ESTABLISHING AN IRA

- J. Rollovers and Conversions** – Your IRA may be rolled over to another IRA of yours, may receive rollover contributions, or may be converted to a Roth IRA, provided that all of the applicable rollover and conversion rules are followed. Rollover is a term used to describe a movement of cash or other property to your IRA from another IRA, or from your employer's qualified retirement plan, 403(a) annuity, 403(b) tax-sheltered annuity, 457(b) eligible governmental deferred compensation plan, or federal Thrift Savings Plan. The amount rolled over is not subject to taxation or the additional 10 percent early distribution penalty tax. Conversion is a term used to describe the movement of Traditional IRA assets to a Roth IRA. A conversion generally is a taxable event. The general rollover and conversion rules are summarized below. These transactions are often complex. If you have any questions regarding a rollover or conversion, please see a competent tax advisor.

- 1. New Limitation on Traditional IRA to Traditional IRA Rollovers.** Assets distributed from your Traditional IRA may be rolled over to the same Traditional IRA or another Traditional IRA of yours if the requirements of IRC Sec. 408(d)(3) are met. A proper IRA-to-IRA rollover is completed if all or part of the distribution is rolled over not later than 60 days after the distribution is received. In the case of a distribution for a first-time homebuyer where there was a delay or cancellation of the purchase, the 60-day rollover period may be extended to 120 days.

Effective for distributions taken on or after January 1, 2015, you are permitted to roll over only one distribution from an IRA (Traditional, Roth, or SIMPLE) in a 12-month period, regardless of the number of IRAs you own. A distribution may be rolled over to the same IRA or to another IRA that is eligible to receive the rollover. For more information on rollover limitations, you may wish to obtain IRS Publication 590, *Individual Retirement Arrangements (IRAs)*, from the IRS or refer to the IRS website at www.irs.gov.

- 2. New Limitation on SIMPLE IRA to Traditional IRA Rollovers.** Assets distributed from your SIMPLE IRA may be rolled over to your Traditional IRA without IRS penalty tax provided two years have passed since you first participated in a SIMPLE IRA plan sponsored by your employer. As with Traditional IRA to Traditional IRA rollovers, the requirements of IRC Sec. 408(d)(3) must be met. A proper SIMPLE IRA to IRA rollover is completed if all or part of the distribution is rolled over not later than 60 days after the distribution is received.

Effective for distributions taken on or after January 1, 2015, you are permitted to roll over only one distribution from an IRA (Traditional, Roth, or SIMPLE) in a 12-month period, regardless of the number of IRAs you own. A distribution may be rolled over to the same IRA or to another IRA that is eligible to receive the rollover. For more information on rollover limitations, you may wish to obtain IRS Publication 590, *Individual Retirement Arrangements (IRAs)*, from the IRS or refer to the IRS website at www.irs.gov.

- 3. Employer-Sponsored Retirement Plan to Traditional IRA Rollovers.** You may roll over, directly or indirectly, any eligible rollover distribution from an eligible employer-sponsored retirement plan. An eligible rollover distribution is defined generally as any distribution from a qualified retirement plan, 403(a) annuity, 403(b) tax-sheltered annuity, 457(b) eligible governmental deferred compensation plan (other than distributions to nonspouse beneficiaries), or federal Thrift Savings Plan unless it is part of a certain series of substantially equal periodic payments, a required minimum distribution, a hardship distribution, or a distribution of Roth elective deferrals from a 401(k), 403(b), governmental 457(b), or federal Thrift Savings Plan.

If you elect to receive your rollover distribution prior to placing it in an IRA, thereby conducting an indirect rollover, your plan administrator generally will be required to withhold 20 percent of your distribution as a payment of income taxes. When completing the rollover, you may make up out of pocket the amount withheld, and roll over the full amount distributed from your employer-sponsored retirement plan. To qualify as a rollover, your eligible rollover distribution must be rolled over to your IRA not later than 60 days after you receive the distribution. Alternatively, you may claim the withheld amount as income, and pay the applicable income tax, and if you are under age 59½, the 10 percent early distribution penalty tax (unless an exception to the penalty applies).

As an alternative to the indirect rollover, your employer generally must give you the option to directly roll over your employer-sponsored retirement plan balance to an IRA. If you elect the direct rollover option, your eligible rollover distribution will be paid directly

to the IRA (or other eligible employer-sponsored retirement plan) that you designate. The 20 percent withholding requirements do not apply to direct rollovers.

4. Beneficiary Rollovers From Employer-Sponsored Retirement Plans. If you are a spouse, nonspouse, or qualified trust beneficiary of a deceased employer-sponsored retirement plan participant, you may directly roll over inherited assets from a qualified retirement plan, 403(a) annuity, 403(b) tax-sheltered annuity, or 457(b) eligible governmental deferred compensation plan to an inherited IRA. The IRA must be maintained as an inherited IRA, subject to the beneficiary distribution requirements.

5. Traditional IRA to Employer-Sponsored Retirement Plan Rollovers. You may roll over, directly or indirectly, any taxable eligible rollover distribution from an IRA to your qualified retirement plan, 403(a) annuity, 403(b) tax-sheltered annuity, or 457(b) eligible governmental deferred compensation plan as long as the employer-sponsored retirement plan accepts such rollover contributions.

6. Traditional IRA to Roth IRA Conversions. If you convert to a Roth IRA, the amount of the conversion from your Traditional IRA to your Roth IRA will be treated as a distribution for income tax purposes, and is includable in your gross income (except for any nondeductible contributions). Although the conversion amount generally is included in income, the 10 percent early distribution penalty tax will not apply to conversions from a Traditional IRA to a Roth IRA, regardless of whether you qualify for any exceptions to the 10 percent penalty tax. If you are age 70½ or older you must remove your required minimum distribution before converting your Traditional IRA.

7. Qualified HSA Funding Distribution. If you are eligible to contribute to a health savings account (HSA), you may be eligible to take a one-time tax-free qualified HSA funding distribution from your IRA and directly deposit it to your HSA. The amount of the qualified HSA funding distribution may not exceed the maximum HSA contribution limit in effect for the type of high deductible health plan coverage (i.e., single or family coverage) that you have at the time of the deposit, and counts toward your HSA contribution limit for that year. For further detailed information, you may wish to obtain IRS Publication 969, *Health Savings Accounts and Other Tax-Favored Health Plans*.

8. Rollovers of Settlement Payments From Bankrupt Airlines. If you are a qualified airline employee who has received an airline settlement payment from a commercial airline carrier under the approval of an order of a federal bankruptcy court in a case filed after September 11, 2001, and before January 1, 2007, you are allowed to roll over any portion of the proceeds into your IRA by the later of 180 days after receipt of such amount, or 180 days after February 14, 2012. If you make such a rollover contribution, you may exclude the amount rolled over from your gross income in the taxable year in which the airline settlement payment was paid to you.

If you previously rolled over such a contribution to a Roth IRA, you may move all or a portion of it to a Traditional IRA as a qualified rollover contribution by directly moving the assets, plus the earnings attributable to them, to a Traditional IRA within 180 days after February 14, 2012.

To obtain more information on this type of rollover, you may wish to visit the IRS website at www.irs.gov.

9. Rollovers of Exxon Valdez Settlement Payments. If you receive a qualified settlement payment from Exxon Valdez litigation, you may roll over the amount of the settlement, up to \$100,000, reduced by the amount of any qualified Exxon Valdez settlement income previously contributed to a Traditional or Roth IRA or eligible retirement plan in prior taxable years. You will have until your tax return due date (not including extensions) for the year in which the qualified settlement income is received to make the rollover contribution. To obtain more information on this type of rollover, you may wish to visit the IRS website at www.irs.gov.

10. Written Election. At the time you make a rollover to an IRA, you must designate in writing to the trustee/custodian your election to treat that contribution as a rollover. Once made, the rollover election is irrevocable.
